DE834EPB BERKEL

Benefits

The 83EPB was designed and made by the famous Berkel slicer company. Today it is still made in Holland under licence to Deko. The 834EPB is the workhorse of any high volume supermarket or smallgoods factory. The 834EPB was the slicer of choice for Australia's largest supermarket chains, when they still operated full meat rooms. Able to stack and shingle the product, with the ability to intergrate into full production lines. The 834EPB was designed for harsh working environments and built to last. The current model offers 21st century upgrades such as touchscreen controls and an auto thickness setting.
