PPN10, 18 or 25 Peeler

SPECIFICATIONS

FIPPN spec

Capacity: 10Kg, 18Kg, 25Kg
 Weight: 40Kg
 Power: 240/50Hz
 Output: 120Kg to 240Kg
 Motor: 10Kg(1Hp) 18/25Kg
 (1.5hp)

Benefits

The PPN peeler is ideal for potatoes, carrots or any other hard root vegetables. Stainless steel structure with an upper cover made of polycarbonate that is fitted with a safety microswitch. A programmable 4 minute timer with and automatic jet of water to remove peel and dirt residues, makes this an excellent addition to any commercial kitchen.

Features

- Abrasive plate and cylinder walls
- Safety microswitch on the lid
- Strong polycarbonate lid to view progress
- Water jet to clean vegetables and aid peeling
- Side door to removed peeled product
- Self cleaning water jet
- Large drain pipe for fitting to mains waste
